2 (6:20 p.m.)

3 JUSTICE PITNEY: Case Sinz_Esq v. Nir2602 shall now
4 be heard before the Court. Both sides shall have 24
5 continuous hours to present oral arguments for their case
6 and answer any questions from Justices.

7 I invite Mr. Sinz_Esq to present arguments on
8 behalf of the Petitioners. Counsel you have until 23:20 BST
9 on the 21st of August to present your arguments. You may
10 reserve no more than 1 hour for rebuttal. You may begin.

11 ORAL ARGUMENT OF SINZ_ESQ

12 ON BEHALF OF PLAINTIFF

13 MR. SINZ_ESQ: Okay hi im sinz_esq petitioner and
14 I'm arguing that the courthouse is in the United States which
15 would give me the ability to make the civil suit.

16 Although unwritten in legislation I still argue that it
17 is obviously still in the United States.

18 If it wasnt in the United States all the constitutional
19 rights wouldn't apply there and every time this honorable
20 court has reversed a conviction because a constitutional
21 right violation that occurred at trial in the courthouse
22 would be null, District Judges also wouldn't be able to give
23 verdicts or contempt there because its not in the United
States.

1 If the Court rules in favor of respondent it would
2 rollback years of work and would allow people found guilty
3 from long ago to appeal said conviction effectively reversing
4 almost every conviction from years back up until the court
5 rules in favor of respondent (if they did).

6 Respondent argues that "The legislative Powers" are not
7 given to the Clan Management, only to the Congress of the
8 United States however petitioner argues Clan Management are
9 far above the power of congress and even that of the president
10 himself they may be above every branch of the government with
11 the power to remove whoever they want.

12 And "According to devGralius (DavidR#0001), the Clan
13 Manager who manages all legal aspects that involve Clan
14 Management, "It's an official place of the group, as far as
15 I am concerned, any action at a cm official game, constitutes
16 jurisdiction."

17 This court should do one of two things for the best
18 interest of this country

19 (1) rule in favor of plaintiff and clearly establish
20 that the courthouse is within the United States per cms
21 davids statement that has been long recognized by the
22 District Court and Supreme Court.

23 Or (2) dismiss the certificate of the questions and
 leave the questions unanswered while we follow the

1 determination of the judge who made the determination that
2 it is within the us.

3 "[T]he certified questions are incapable of categorical
4 answer and the questions which they suggest can be properly
5 answered only by reframing the questions certified or giving
6 qualified answers to them. This we are not required to do. .
7 . "); *Western Helicopter Servs., Inc. v. Rogerson Aircraft*
8 *Corp.*, 311 Or. 361, 364, 811 P.2d 627, 630 (1991)."

9 I am now finished and rest my case but I'd also like to
10 mention to the Justices that this certified question should
11 be dismissed it was inappropriate for the Judge to certify
12 the questions when he himself said "To clarify on the
13 question on whether or not the U.S. Courthouse qualifies as
14 an official city, clan management has made a decision.
15 According to devGralius (DavidR#0001), the Clan Manager who
16 manages all legal aspects that involve Clan Management, "It's
17 an official place of the group, as far as I am concerned,
18 any action at a cm official game, constitutes jurisdiction.
19 "Now, I can file a certified question with the U.S. Supreme
20 Court if the parties still wish for such." A certified
21 question should be filed only if the court wishes for
22 instruction on how to proceed it appears as if he he just
23 did it because nir asked for it (which should have been done
through an appeal).

1 JUSTICE PITNEY: Thank you counsel.

2 I invite Nir2602 to present arguments on behalf of
3 respondent. You will have 24 hours.

4 ORAL ARGUMENT OF NIR2602

5 ON BEHALF OF DEFENDANT

6 MR. NIR2602: Mr. Chief Justice, and may it please
7 the court,

8 In this case the court is asked to determine whether
9 the Federal District Court has jurisdiction to hear a matter
10 where Congress has not explicitly given permission to, but
11 Clan Management does. It does not.

12 Petitioner sought civil damages in the federal district
13 court from respondents from allegations of being assaulted
14 in the federal district courthouse place. Respondent moved
15 to dismiss for lack of jurisdiction under Fed. R. Civ. P
16 12(b), stating that the court does not have jurisdiction to
17 adjudicate over incidents that occurred in the federal
18 courthouse as Congress hasn't declared the federal courthouse
19 under the laws of the United States. Petitioner contested
20 the motion, saying it does simply because the courthouse is
21 allegedly in the "United States." However, this argument is
22 flawed, as if we go by that standard, any Roblox Place that
23 is said to be in the "United States" unrelated to nUSA at
all, is subject to the laws of nUSA, and that opens a lot of

1 unintended consequences of having the laws of nUSA enforced
2 outside nUSA.

3 The presiding judge, unsure themselves of the legality
4 of the motion, sought the assistance of Senior Clan
5 Management DevGralius. DevGralius states that it does, as
6 it's a nUSA game as declared by him.

7 DevGralius said: "It's an official place of the group,
8 as far as I am concerned, any action at a cm official game,
9 constitutes jurisdiction."

10 *"I meannnnnnnnnnnnnnnn, We set the Test Area thing, why*
11 *can't we set Court House?"*

12 Respondent however, questioned the legality of the Clan
13 Management's actions and requested the judge to submit a
14 certified question to this Court. The judge agreed, and
15 worked with the parties to draft the certified question
16 presented today.

17 Article I, Section 1 Clause 1 of the Constitution grants
18 the Congress all legislative powers.

19 *"All legislative Powers herein granted shall be vested*
20 *in a Congress of the United States, which shall consist of a*
21 *Senate and House of Representatives."*

22 Included in these powers, are the powers to establish
23 and craft where the laws of the United States may be enforced
through its legislation powers granted by Article I, § 1 cl.

1 1 and Article I, § 8 cl. 14, which allows Congress to "To
2 *make all Laws which shall be necessary and proper for*
3 *carrying into Execution the foregoing Powers, and all other*
4 *Powers vested by this Constitution in the Government."*

5 The congress has done so in multiple instances by
6 admitting municipalities and territories through the process
7 outlined by Article IV sec 3 cl. 1. It has done so for the
8 City of Las Vegas through the approval of its charter, (Pub.
9 Law 70-3) Washington, District of Columbia through the
10 approval of its charter, (Pub. Law 78-6), and the latest,
11 the county of ridgeway. (Pub. Law 80-11) in each of those
12 times, only congress themselves approved these territories
13 into the union. Clan Management has solely constructed the
14 cities, but they have not proposed, or forced the law of the
15 United States to be enforced there. They allow and continue
16 to allow congress to do so without interfering with it. An
17 example is the latest proposal for the county of ridgeway,
18 which has recently passed. A house representative presented
19 the charter to congress, not the clan management. Clan
20 management simply assisted in writing the charter and are
21 constructing the County of Ridgeway.

22 By letting clan management decide which games are under
23 the laws of the United States, they are infringing,
interfering, and obstructing congress's legislative

1 abilities granted by Article I, § 1 cl. 1. and congress's
2 powers to make all laws which shall be necessary and proper
3 for the execution of their powers, as granted by Article I,
4 § 8 cl 14. Allowing Clan Management to do so will be a breach
5 of the separation of powers between the clan management and
6 the government that the founders intended to keep between
7 the branches of the Federal Government. In Federalist Papers
8 No. 51, James Madison defended and emphasized the importance
9 of the checks and balances system between the branches of
10 the government to ensure the "*essential...preservation of*
11 *liberty.*" Ibid.

12 Allowing the Clan Management to decide so would be
13 outside the scope of clan management's traditional duties.
14 In *Technozo v. United States*, 5 U. S. 64 (2018) the court
15 held that "Committing common crime is not among petitioner's
16 clan- manager duties. ...the commission of common crime,
17 whatever relevance it may have to his role "Community Clan
18 Manager," is not one of the group holder's traditional
19 functions." *Technozo*, at 13. Additionally, it is not within
20 the group holder's traditional functions to legislate and
21 execute. That is left to the Legislative and Executive
22 Branches within their respective powers granted by the
23 Constitution. The group holder's agents have the
responsibility to develop and maintain cities and Roblox

1 Places/Games for the Group. But, they do not have the power
2 and responsibility to create, enforce laws, and interpret
3 laws within these Places/Games. That is left for the Three
4 Branches of the Government, established by the Constitution.

5 JUSTICE FRANKFURTER: Do you think court houses are
6 different from other non-DC/LV games?

7 MR. NIR2602: No, I do not.

8 The Federal Courthouse does not contain the same
9 Roleplay aspects as the cities of nUSA's. It misses a lot of
10 them. It is not meant to be a place to encompass nUSA's
11 regular "cops and robbers" gameplay. It is simply there to
12 hold trials. For example: It is impossible to get any form
13 of weapon without administrative privileges. Unlike in nUSA's
14 cities, where a civilian may get a weapon from the gun store
15 or phone app at any time they want. It is an essential,
16 missing aspect of the regular roleplay that nUSA's
17 encompasses.

18 nUSA's cities is in reference to Las Vegas and
19 Washington, D.C.

20 JUSTICE FRANKFURTER: What about for contempt of
21 court?

22 MR. NIR2602: To obtain Contempt of Court, a person
23 must perform an that disturbs the court while in session.

(In reference to contempt citations given in-game/in-

1 chamber.) Such as excessively swearing in the middle of the
2 trial or disturbing the court in any other way.

3 It isn't however an action related to the places
4 gameplay. That is just simply an action between two persons.

5 For example, crimes such as bribery can occur outside
6 of Las Vegas and Washington, but murder cannot.

7 JUSTICE FRANKFURTER: Why can bribery occur outside
8 of the cities?

9 MR. NIR2602: Because the act of bribery is mostly
10 a verbal action.

11 To bribe someone, you must offer them something for in
12 return for an action by them.

13 For example if Joe wanted to bribe Judge Jane, he does
14 not have to do it in Washington or Las Vegas, he can simply
15 message them directly on discord.

16 However, committing the act of murder, is impossible in
17 the Federal Courthouse, without using administrative
18 privileges that is only granted to judges and justices. Not
19 the ordinary citizen.

20 Does that answer your question, Justice Frankfurter?

21 JUSTICE FRANKFURTER: I'm not sure I understand the
22 relevance of administrative privileges. Can you expand on
23 that?

1 MR. NIR2602: Administrative privileges is a power
2 granted to certain people to manage something that is not
3 within the grasp of the ordinary user/player.

4 It allows the individual with these powers to manage
5 certain gameplay aspects of the Roblox Place.

6 In the Federal Courthouse, administrative privileges is
7 only given to judges and justices to assist them in
8 conducting judicial proceedings.

9 JUSTICE FRANKFURTER: What's the relevance to the
10 jurisdictional question though?

11 I'm pretty sure back in the Lumidas days, the President
12 was given admin at LV.

13 MR. NIR2602: I am not aware of that as I was not
14 in the nUSA community at that time.

15 However, between the months of December 2018 and the
16 beginning of 2019, ban moderators were given additional admin
17 tools in LV to moderate in game. This arose certain questions
18 when Ban Moderators, on-duty using these tools, which allowed
19 them to conduct surveillance on individuals by directly
20 seeing where they are and what they are doing, but are not
21 with them directly, reporting people for crimes to the
22 Department of Justice.

23 JUSTICE FRANKFURTER: How does that affect
jurisdiction?

1 I feel like I'm giving too much weight to this point,
2 right?

3 MR. NIR2602: I concur. Although I do understand
4 where your argument is coming from.

5 JUSTICE FRANKFURTER: I was trying to understand
6 yours, haha.

7 So what's the standard for being a court house?

8 MR. NIR2602: Well, in a physical manner, not really
9 anything. It could be any building, room, or place. However,
10 in regards to Discord and other forms of forums, Chief
11 Justice Directive No. 8 that all judicial procedures must
12 occur within a central discord.

13 JUSTICE FRANKFURTER: I mean with respect to how
14 the laws would apply.

15 MR. NIR2602: The law should apply in to how
16 game/Roblox Place allows equally to each individual, not
17 without attaining some power that is impossible by normal
18 means.

19 As in Washington, D.C. Everyone can attain a gun easily
20 without getting special permissions from the owner of the
21 game. However to do so in the Federal Courthouse, you have
22 to.

23 Get special permissions (administrative privileges)
from the owner of the game.

1 Without these special permissions, you cannot attain a
2 weapon and murder some in the Federal Courthouse. Unlike in
3 Washington D.C.

4 As I was saying, in response to video evidence contained
5 of individuals doing crime using the Clan Managements
6 surveillance tools, clan management, with the assistance of
7 at the time Attorney General Frostbleed made prosecuting
8 crimes through these videos illegal.

9 This announcement can be found in the nUSA Main Server.

10 This memo from the incumbent Attorney General during
11 that controversy addressed these issues, saying that crimes
12 and evidence gathered in methods regular players cannot do
13 cannot be prosecuted and punished for.

14 Petitioners argument regarding the reversal; of
15 convictions is flawed. As simply, the trial only took place
16 in the specific Roblox Place. The crime itself took place in
17 the cities. Theoretically, a trial could be held in any
18 Roblox place. However, judges choose the Federal Courthouse
19 place for its convenience. If the court rules in favour of
20 respondent, it would not affect any of the former
21 convictions. An issue with the venue such as this is not
22 grounds to reverse a conviction. See generally *People v.*
23 *Houthoofd*, 790 N.W.2d 315 (Mich. 2010). In *Houthoofd* the
 Michigan Supreme Court held that a venue issue may not

1 reverse a conviction as long as the Defendant's is not
2 deprived of his due process right to a fair trial.

3 Finally, in response to the petitioner's argument that
4 there is no reason why the certified question should be
5 dismissed. A court has a right to seek the assistance of this
6 court when it requires so through certified question to apply
7 the law correctly. *See Rule 19 of the Rules of the Supreme
8 Court of the United States and 28 U.S.C. § 1254. In this
9 case, presiding Federal District Judge Hon.
10 EnforcementBeyond was unsure on how to rule and apply the
11 law. Therefore, he asked the assistance of this court.

12 I am now finished my argument, and I respectfully await
13 your questions. I will relinquish the rest of my time once
14 all the justices have confirmed they have no more questions
15 for me, as most of you are probably asleep right now and will
16 only see this in the morning.

17 CHIEF JUSTICE HOLMES: Mr. Nir, in your view are
18 the federal courthouses within the United States?

19 MR. NIR2602: Mr. Chief Justice, I believe that
20 theoretically, they are property of the United States, but
21 in the legal sense they are not because Congress has not
22 acquired the Federal Courthouse through legislative means.
23 As I discussed beforehand in a similar matter as to how
municipalities are admitted to the union. The United States

1 must acquire that land/Place/Game through the approval of
2 Congress and the consent of the owner of the place.

3 Additionally, the only roleplay purpose the Federal
4 Courthouse serves is to allow for the American Public to
5 participate in Jury trials. As such, the prosecution or
6 pursuit of relief for crimes that occur in the Courthouse
7 would be pointless. If you were instead able to purchase a
8 weapon or receive one in game through a method that anyone
9 may do without another's help (i.e. through admin
10 privileges), then prosecution or pursuit of relief would make
11 sense, in this situation, it does not.

12 CHIEF JUSTICE HOLMES: So if I'm understanding your
13 position correctly, it's that civil causes of action
14 recognized by U.S. law only extend to land within America's
15 de jure sovereign jurisdiction and that the only way to
16 establish that jurisdiction is by act of Congress?

17 MR. NIR2602: Yes, exactly Mr. Chief Justice. As my
18 time to argue is now over, does any justice have any
19 additional questions before the court adjourns?

20 JUSTICE PITNEY: This case is submitted.

21 (Whereupon, at 6:46 PM, the case was submitted.)
